DOOR-TO-DOOR
waste collection service

1

Separate waste correctly at home

2

Check the waste collection schedule to know which stream can be desposited each day of the week
www.santanyiresidus.net

3

Place waste outside your front door or on the corresponding hanger, avoiding any inconvenience to pedestrians

4

The collection company will collect your waste and return the empty bin to you

5

Take the bin back inside. It is recommended to clean it regularly to prevent unpleasant odours

6

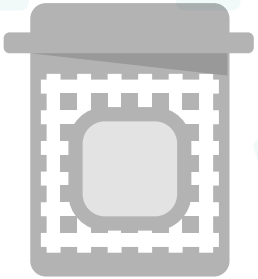

In case of emergency, you may take waste to the municipal waste disposal centre

What do you need to use this **WASTE COLLECTION SERVICE?**

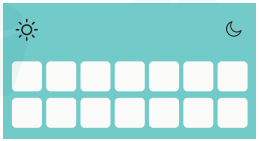

ORGANIC MATTER BIN

MULTI-STREAM BIN

COLLECTION SCHEDULE

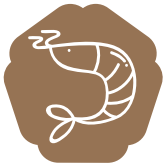

1. A ventilated bin for indoor use in the kitchen, intended for disposing of organic waste (food scraps and small garden remains). When it's time to take out the organic matter for collection, you need to place this sealed bag inside the multi-compartment bin.

2. A multi-stream bin to facilitate the disposal of allwaste on the street according to the waste collection schedule.

3. A magnet featuring the waste collection schedule, detailing the waste permissible for disposal on the street each day and the time frame for placing the multi-stream bin at the house's entrance.

What waste goes in the **ORGANIC MATTER STREAM?**

Fish, shellfish and shell waste

Meat waste

Cooked food waste

Fruit waste

Vegetable waste

Plant waste (small amounts)

Coffee grounds and tea bags

Kitchen paper and paper napkins

At home, place organic matter in a compostable bag in the aerated bin. Place this organic matter in the compostable bag in the brown waste container you will find in the closed waste collection points.

NOT ACCEPTED:

- × Liquid food
- × Sweeping dust
- × Polystyrene trays, aluminium foil and plastic packaging
- × Cigarette ends and ash
- × Any kind of oil
- × Coffee capsules (aluminium or plastic)

What waste goes in the **LIGHTWEIGHT PACKAGING STREAM?**

Polystyrene or plastic trays

Plastic jars and bottles

Tetra-packs

Aerosols

Aluminium foil

Tins

Metal lids

NOT ACCEPTED:

- × Full containers
- × Water hoses
- × Hard plastic objects
- × Toys
- × Paper and cardboard
- × Glass containers
- × Coffee capsules
- × Organic matter

Empty containers with liquids or organic matter. Place compacted waste in the yellow bin found at waste collection points with a bag.

What waste goes in the **PAPER AND CARDBOARD STREAM?**

Properly dismantled cardboard boxes

Newspapers and magazines

Wrapping paper

Household cardboard rolls

Sheets of paper and envelopes

Paper bags

NOT ACCEPTED:

- × Aluminium foil
- × Very dirty paper and cardboard
- × Ceramic cups and dishes
- × Laminated paper
- × Tetra-packs for milk, juice...

Dismantle or cut apart cardboard boxes so they are properly folded and place paper and cardboard without a bag in the blue containers found at waste collection points.

What waste goes in the **GLASS STREAM?**

Glass bottles

Perfume bottles

Glass jars

NOT ACCEPTED:

× Panels of glass
× Mirrors
× Cups, mugs, glasses, dishes
× Fluorescent lights
× Lightbulbs
× Lids

Before throwing away, empty glass containers of liquids and organic matter and remove lids. Place the glass containers in the bin.

What waste goes in the **OTHER STREAM?**

Very dirty paper and cardboard

Wipes, gauzes, bandages

Sweeping dust, ash, hair

Razors

Ceramics and porcelain (small items)

Be sure that this waste is not apt for recycling. Place it in a well-sealed bag in the multi-stream bin.

SANITARY TEXTILES:
Nappies, sanitary napkins, tampons

In case of generating sanitary textile and animal excrement, place this bag properly sealed on top of the multifraction bin. **This stream can be taken outside in a separate bag each day of the week.**

NOT ACCEPTED:

- × Bulky items
- × Hazardous waste
- × Paper and cardboard, glass, lightweight packaging
- × Organic matter
- × Batteries
- × Medicine
- × Lids

How to use the **BULK WASTE COLLECTION SERVICE** properly?
